General Instructions

Where marine premiums are called for in this return, only premiums on goods or other insurable interests in the course of exportation, importation or transportation coastwise, or upon these goods or insurable interests while being prepared for or awaiting such shipment are to be included. The Massachusetts marine premiums not included in the foregoing classification are not subject to the provisions of sec. 29A of Ch. 63 of the Massachusetts General Laws but may be taxable under sec. 22 (domestic company) or sec. 23 (foreign company).

All companies which reasonably estimate their insurance excise to be in excess of \$1,000 are required to pay quarterly 40%, 25%, 25% and 10% of the tax due. See Form 355-ES which will be mailed to such companies. Failure to receive such forms, however, will not excuse any subject company from making the required payments of estimated tax. Any inquiries relative to the filing of estimated tax vouchers or payments with respect thereto should be addressed to the Massachusetts Department of Revenue, Banking and Insurance Unit, PO Box 7052, Boston, MA 02204.

The actual estimated tax payments made must agree with the estimated tax payments shown on each return. All returns filed are on account of separate and distinct taxes, and payments made on account thereof should be so treated. An overpayment of one tax may not be taken as a credit against the current year's liability of another tax.

Full Employment Program Credit. A qualified employer participating in the Full Employment Program may claim a credit of \$100 per month of eligible employment per employee. The maximum amount of credit that may be applied in all taxable years with respect to each employee is \$1,200. Enter the amount of Full Employment Credit claimed this year from Schedule FEC, line 21. Attach Schedule FEC to this return. For more information, contact the Department of Transitional Assistance, 600 Washington Street, Boston, MA 02111.

Any corporation that wishes to contribute any amount to the Natural Heritage and Endangered Species Fund may do so on this form. This amount is added to the excise due. It increases the amount of the corporation's payment or reduces the amount of its refund. The Natural Heritage and Endangered Species Fund is administered by the Department of Fisheries, Wildlife and Environmental Law Enforcement to provide for conservation programs for rare, endangered and nongame wildlife and plants in the Commonwealth.

Reproduction of returns must be approved by DOR prior to filing and meet the criteria provided in Technical Information Release 95-8. Please address forms approval to The Banking & Insurance Unit, PO Box 7052, Boston, MA 02204.

This return, together with payment in full, is due on or before May 15, 2000.

Any portion of this excise not paid by the due date bears interest at the applicable rate, and a penalty of ½% per month, up to a maximum of 25%. Failure to file this return on time incurs a penalty of 1% per month (or fraction thereof), up to a maximum of 25% of the tax due.

Mail to: **Massachusetts Department of Revenue, PO Box 7052, Boston, MA 02204.** Make check or money order payable to: **Commonwealth of Massachusetts.**
